ArtSpeak Writing Workshop facilitated by Blue Door Gallery's Poet-In-Residence **Golda Solomon**

Blue Door Gallery's current exhibit is sure to inspire your process of writing. **On Your Mark: Drawing As Process** explores the impulse to "make one's mark" and the process by which artists leave a trace of themselves along with the graphite, charcoal, and ink they rub and smear and drag across the surface of life. Beginner, emerging, and seasoned writers are encouraged to view this inspiring exhibit and come to this **ArtSpeak** Workshop to "respond to the walls." Bring your pen & pad (or laptop) and join this growing community of vital writers!

To sign up for the workshop, e-mail info@bluedoorgallery.org or sign up in person at the Blue Door Gallery.

For more information, call Golda at 1-877-529-9528 or e-mail gs@goldajazz.com.
